

Uploading Photos to SHU-Rowing.co.uk

As we use Google's Picasa to create albums we can share the photos, and allow you to upload them yourself. All you need to do is email them.

Just attach your pictures to a blank email and send them to Hallamrowers.photos@picasaweb.com, they will then be ready for someone else to assign to an album.

However if there is already an album put the name of it in the subject of the email and it will go straight onto the website.

When emailing pictures please try to scale them down a bit, we don't want to fill up the album quickly by sending 1mb files.
